Rationale:

MARZANO SAYS A Homework Policy should include:

- Amount of work (time expectation varied by different researchers)
- Consequences (WE DON’T HAVE THIS...)
- Feedback by teacher or peers
- Not to teach complex skills / material
- Parents rarely asked to help
- Related to curriculum
- Parental responsibilities

Homework definition

Homework is an instructional technique that provides students with opportunities to deepen their understanding and skills, relative to content that has been presented to them.

Homework is purposeful learning that occurs outside of the classroom which is set by the classroom teacher. Homework benefits students by complementing classroom learning and providing opportunities for students to be responsible for their own learning.

Aims:

- To ensure that homework serves the diverse needs of students whilst ensuring that the educational needs of these students are met.

Implementation:

- The school’s homework policy will be available to staff and parents.
- Classroom teachers will regularly set and discuss homework tasks (to allow for clarifying words, questions and provide examples where needed)
- Homework will enable practice of classroom learning, prepare for new learning and expand on learning that has occurred.
- Each set task must be purposeful, meaningful and relevant to the current or previous classroom curriculum.
- The purpose of homework should be identified and articulated [learning intent]
- Teachers or peers will provide feedback to the student either in the form of a comment or against set criteria.
• Each grade teacher will send home a homework outline at the beginning of the year which clearly states the expectations of homework for that year.
• Reading will comprise at least $\frac{1}{2}$ of the nightly homework allocation for each year level.
• Consideration will be given to students who are not able to complete the set homework during the school week. Parents may negotiate with the class teacher regarding completing homework during the weekend.
• Parents are expected to sign the Homework Record Sheet nightly.

Practise exercises – providing students with the opportunities to apply new knowledge, or to review, revise and reinforce newly acquired skills – such as:

- completing consolidation exercises for mathematics – memorisation of tables multiplication facts
- practising spelling words
- omit: practising words or phrases learnt in a Language Other Than English class.
• reading for pleasure
• writing essays
• practising and playing musical instruments
• practising physical education skills.
• Preparing for assignments/projects

Parental Responsibility:

Parents can help children by:

• Encouraging regular nightly reading.
• Provide a place for their child to do their homework, allow time to do it and provide appropriate resources
• Encouraging a regular daily session to examine and complete homework, helping to balance the amount of time spent between homework and recreational activities.
• Establish a consistent schedule for completing homework
• Understand their child’s homework expectations.
• Discuss homework tasks with their child. Ask questions about their child’s understanding of the task.
• Communicate to the teacher if homework tasks are too difficult for their child.
• Monitoring the time taken to complete the homework tasks and give feedback to the teacher as to whether the amount of homework can be completed in the designated time
• Sign the Homework Record Sheet nightly
• Encouraging participation in family activities such as board games
• Discussing the texts that have been read by the child.

Evaluation:

• This policy will be reviewed as part of the school’s three year review cycle.
