Tungamah Primary School is committed to the creation of a safe, just and respectful environment that supports wellness for all members of the school community. In this, there is a moral obligation and shared responsibility to protect the most vulnerable members of the community.

Tungamah Primary School believes that, while protecting children and young people against sexual abuse is a community wide responsibility, schools have particular moral and legal responsibilities to ensure children and young people are safe in their care and to actively and intentionally work to eliminate all forms of abusive behaviours towards children. There are also particular moral and legal obligations for those in authority to prevent, reduce and minimise child abuse and exploitation in all forms.

All government school staff will be made aware of their legal responsibilities. As part of the government school principal contract, government school principals are required to plan, implement and monitor arrangements to ensure the safety, security and wellbeing of students.

**Purpose of this policy:**

To ensure schools effectively manage visitors to the school.

**Policy:**

Schools must develop school level policies and procedures to manage visitors to the school.

Principals must:

- implement Department and school level policies and procedures
- be responsible for visitors allowed into school
- ensure as a minimum a record of all visitors to the school is kept in the event of a school emergency or any future investigation
- ensure that visitors where required have the appropriate approvals to work with children
- ensure that any programs or content delivered by visitors (other than Special Religious Instruction) complies with the requirement that education in Victorian government schools is secular
ensure that any programs delivered by visitors are delivered in a manner that supports and promotes the principles and practice of Australian democracy including a commitment to the following, as outlined in s 1.2.1 of the *Education and Training Reform Act 2006 (Vic)*:

- elected government
- the rule of law
- equal rights for all before the law
- freedom of religion
- freedom of speech and association
- the values of openness and tolerance.

**Rationale:**

To increase experience of the cultural and social features of the community, the Department encourages schools to:

- ensure parents/guardians partner in their children’s development
- create strong partnerships with community services, schools, businesses and the wider community.

**Types of visitors**

Visitors to schools may include, but are not limited to:

- prospective parents and employees
- those who are addressing a learning or developmental need, such as:
  - parent and community volunteers
  - invited speakers
  - sessional instructors
  - representatives of community, business and service groups
  - local members of the State and Commonwealth Parliaments
- those who are conducting business such as:
  - uniform suppliers
  - booksellers
  - official school photographers
  - commercial salespeople
- trades people
- children’s services agents
- talent scouts
- instructors providing Special Religious Instruction (SRI), see: Special Religious Instruction

Other visitors may include:

- Department of Health and Human Services Child Protection Workers, and Victoria Police, see: Police and DHS Interviews
- Persons who are authorised to enter on to the school premises, for a specific purpose (e.g. Worksafe or Environmental Health officers). In such cases school procedures should set out:
  - the process for checking the identification and authorisation of such persons
  - the process for recording their attendance
who should facilitate their entry on to the school premises in a manner consistent with the authorisation.

Policy and procedures:

School policy and procedures regarding visitors to the school must, as a minimum:

- require all visitors arriving and departing during school hours to use a visitors book to record their name, signature, the date and time, and the purpose of the visit.
- include procedures for assessment and verification of the suitability of visitors to be in a location where children freely move about, learn and play. The evidence required is generally a working with children check (WWC Check); however if a visitor’s occupation exempts them from the requirement to have a WWC check e.g. police officers, teachers, they must provide evidence to support their claim to an exemption
- ensure that any programs or content delivered by visitors complies with the requirement that education in Victorian government schools is secular (apart from the provision of Special Religious Instruction)
- ensure that any programs delivered by visitors are delivered in a manner that supports and promotes the principles and practice of Australian democracy including a commitment to the elected government, the rule of law, equal rights for all before the law, freedom of religion, freedom of speech and association and the values of openness and tolerance.

To develop local policies and procedures school councils should consult the views of school communities and address each of the following:

**Talent scouts**

Principals should consider the following when talent scouts approach a school.
Stage | Description
--- | ---
1 | Determine whether the school community:

- prefers parents/guardians to privately contact talent scouts outside of school hours or
- supports the school facilitating contact with students and talent scouts, such as:
  - children's choirs
  - orchestras
  - drama groups
  - sporting associations
  - film companies looking for groups of ‘extras’ or undertaking individual casting
  - modelling agencies.

2 | Where the school community supports school visits by talent scouts, consider whether the activity being scouted:

- is regarded by the broader community as suitable for the age group being targeted
- will enrich learning and skill development for identified students
- will complement the identified students' education
- has demonstrated an appropriate duty of care record by the individual or organisation.

3 | Other considerations include:

- allowing visits by approved organisations at negotiated, convenient times during school hours
- providing information to the parents/guardians in the relevant year levels about opportunities so that, if desired, independent contact can be made, or
- planning sessions by approved organisations for interested students accompanied by their parents/guardians, using school facilities and outside of school hours.

Note: If after-hours auditions on school property are preferred, school councils will need to consider whether a fee for the use of facilities would be appropriate.

Visiting speakers

Schools should:

- ensure the content of presentations and addresses contributes to the development of students’ knowledge and understanding
- extend the invitation to external speakers to support its educational program, rather than allowing groups to use the school as a forum to advance their causes or beliefs, particularly if speaking on a controversial matter
- brief presenters about the nature of the school and its community
- ensure that visitors do not present information or programs that may conflict with the Education and Training Reform Act 2006, policies of the Department and the school
Tungamah Primary School
